GOD'S FAVOR!!!

Cyd and I have a wonderful report!

We attended a Drug and Alcohol Services meeting held for all the sober

living/recovery homes in our county last night. Representatives from Probation, Drug and Alcohol Services, CHC, Homeless Coalition, etc, attended.

The County had previously had each client from all the homes complete an extensive questionnaire regarding managing conflicts, addressing client concerns, rules, medication policy, transportation services, food, overall appearance of the facility, social relationships with other residents, extracurricular activities, procedure of taking cash and rent payment, ability to attend AA, NA meetings, and overall satisfaction. Last night they gave us the results.

Captive Hearts Recovery Home was the ONLY recovery home in the COUNTY that received

We Need Volunteers!

It is getting close to summer and we need help. Several of our regulars have been ill or have been out due to required surgery. If you are willing to give four hours a week of your time for the cause of Christ, please go by the store at 911 W. Grand Ave. in Grover Beach, and talk to our store manager, Jeanie. Not only will you love her, you will feel the Presence of the Lord in that store and want to be a part. Thank you to all our donors.

100% SATISFACTION FROM EVERY CLIENT who filled out the questionnaire. Wow! We were told we were the only home in the county that had received this kind of feedback from their clients. Yay God!

We also received a Certificate of Recognition for going above and beyond. The County is impressed with the groups and the extracurricular activities offered at Captive Hearts.

So, we wanted to share this very encouraging news, and we believe this is such favor from the Lord! God is so very good.

Blessings!!!
LeeAnn and Cyd

Two men, who deserve honor and appreciation, are

Paul Robertus and Larry Hibberd, who have been faithful for many years to show up at Captive Hearts on a weekly basis teaching computer classes to our ladies. If the ladies are needing to get their GED or take college classes, these two wonderful men have given hours of their personal time to teach, encourage and show our ladies they can all learn new technology. Paul and Larry, we appreciate you both and know that your faithfulness in volunteering has helped tremendously in the lives of our ladies. Your giving has not gone unnoticed.

"THANK YOU!"

MissionCars	Seeds & Needs
<p>Another form of fundraising has been presented to us at Captive Hearts. If you have a car, truck, van, mobile home, or boat, etc., that could be sold through an agency, please contact us. We have partnered with MissionCars who give to businesses while helping to train and support service dogs to those who need them.</p> <p>We profit one-half of what they sell for. They work on the designated item, prepare it for sale, carry all the DMV procedures and write us a check. This is an outstanding way of bringing in funds for our homes. If you have a car you would be willing to donate for one of our women, we will make sure it goes to her if it is in excellent condition and would be safe.</p> <p style="text-align: center;">Thank you!</p>	<ul style="list-style-type: none"> ◆ WOW Praise CDs for women’s prison in Las Vegas ◆ Christian books for the jail ◆ Mentors and sponsors for the ladies in recovery ◆ Intercessors for the staff and volunteers ◆ Donations for purchasing Bibles for the jail ◆ New donors for scholarships ◆ Volunteers for Second Chances store. ◆ Donation of good running cars for our ladies We have one lady who has been looking for a car since she graduated last fall. She works but finds rides to and from. She needs her own vehicle and is legal to drive with no tickets or restrictions. Would you like to help Savannah?
	Note From Chaplain Judy
<p>We recently found out that if you shop online for items, you can log on to http://smile.amazon.com, and you can order from them and Captive Hearts will benefit from your purchase. We hope you will help us as a charity of choice.</p>	<p>Just an update on how I am healing. I’ve been going to physical therapy for a few sessions, and it is really helping with the pain. I still have an appointment with the neurologist for the head injuries in July. I had scheduled three speaking engagements that were made several months ago (Grace Bible panel discussion, St. Paul’s Women’s ministry and Women’s Aglow Fellowship in Atascadero), and so enjoyed being back in the pulpit.</p> <p>Also, I was able to reschedule my trip to the Midwest that I was supposed to enjoy in October of last year but had to cancel because of the fall that had caused all this time off. Since I could still go on the prepaid ticket, I was able to visit my family in Dallas and Missouri, plus a couple of ministries and attend Gateway Church with Pastor Robert Morris. My family attends three of their campuses. This short vacation will aid in my complete restoration.</p> <p>I’m gearing up for my “Second Wind” Look out world☺. In the meantime, I just keep giving and giving, blessing and trying to encourage the Body, and most of all, lead people to Jesus. This is the time where God’s blessings are being poured out on us so that we can do more than ever before. I’m ready, are you?</p> <p style="text-align: right;"></p>
Thank You!	
<ul style="list-style-type: none"> ⇒ A special thanks to Brad and Beth Johnson for their gracious “love gift” to help me during my time off and for medical bills. ⇒ Thank you to Liam and Barbara who give so faithfully to help the recovery home. They have taken on this project and treat our ladies as their own children. We are so blessed by their actions. ⇒ Thank you to Grace Bible Church for all you contribute to Captive Hearts and our staff! ⇒ To you who give so unselfishly each month, we couldn’t do this without you! Thank you so much! ⇒ Thank you, Lisa Hamm, for getting the vision to revamp and plant gardens at our recovery home. Lisa is one of the most talented ladies I’ve every met. She loves our women and is using her gifts to beautify the front and backyard at our recovery home. We want to teach our ladies how to grow their own vegetables and we have an acre of land to do it on. If you are interested in getting involved in this project, please let us know. I’m sure she would welcome your help.
